

H₂O LIFE PROJECT

emozioni a filo d'acqua

Thrilling beauty by the water's edge / Eine Welle von Emotionen / Émotions à fleur d'eau / Emociones a ras de agua

Il gres porcellanato prende forma e si lascia modellare per creare bordi vasca e pavimentazioni dall'alto impatto estetico e dalle eccellenti caratteristiche tecniche. H₂O Life Project è la risposta di Cerdisa a tutte le esigenze progettuali nel settore piscine e impianti natatori in genere. Un programma completo di bordi vasca, realizzati esclusivamente in gres porcellanato con finitura grip, e pezzi speciali di completamento, antimacchia, antisdrucciolo e ingelivi, di facile pulizia e manutenzione con ottime caratteristiche di resistenza ad ogni tipo di sollecitazione esterna. Tutti gli elementi sono personalizzabili in base alle esigenze del progetto e permettono di creare ambienti, sia in ambito commerciale che residenziale, perfettamente coordinati con la pavimentazione.

Porcelain stoneware takes shape and even becomes flexible, for the creation of pool edges and pavings with high stylistic values and excellent technical characteristics. H₂O Life Project is Cerdisa's response to all the design needs in the pool and swimming installations sector. A complete programme for pool edges, all in grip-finish porcelain stoneware, and matching trim tiles, in a stain-proof, anti-slip, frost-proof material that is easy to clean and maintain and provides excellent resistance to any form of external attack or stress. All pieces can be customised to the project's requirements and allow the creation of design schemes that match the paving to perfection, both in the home and in commercial premises.

Das Feinsteinzeug dient als Gestaltungsgrundlage für Beckenrandsteine und Bodenbeläge mit überlegenen ästhetischen und technischen Merkmalen. H₂O Life Project ist die Lösung von Cerdisa für alle Planungserfordernisse des Poolbaus und des Schwimmbadbaus im Allgemeinen. Das Programm umfasst Beckenrandplatten, die ausschließlich aus Feinsteinzeug mit der Oberfläche Grip gefertigt sind, und Formteile. Ihre besonderen Merkmale sind Fleckenfestigkeit, Rutschhemmung, Frostbeständigkeit, Reinigungs- und Pflegefreundlichkeit sowie eine hohe Beständigkeit gegenüber externen Beanspruchungen. Sämtliche Elemente können objektspezifisch angepasst werden und gestatten die Gestaltung von öffentlichen und privaten Bereichen in perfekter Abstimmung mit dem Bodenbelag.

Le grès cérame prend forme et se laisse modeler pour créer des bords de bassin et des sols d'un grand impact esthétique et dotés d'excellentes caractéristiques techniques. H₂O Life Project est la réponse de Cerdisa à toutes les exigences de conception dans le secteur des piscines et équipements de natation en général. Un programme complet de bords de bassin, réalisés exclusivement en grès cérame antidérapant, et des pièces spéciales de complément, antitaches, antidérapantes et résistantes au gel, faciles à nettoyer et à entretenir et dotées d'excellentes caractéristiques de résistance à tout type de contrainte externe. Tous les éléments peuvent être personnalisés en fonction des exigences du projet et permettent de créer des environnements, tant dans le domaine commercial que résidentiel, parfaitement assortis au sol.

El gres porcelánico toma forma y se deja modelar para crear bordes de piscina y pavimentos de elevado impacto estético y excelentes características técnicas. H₂O Life Project es la respuesta de Cerdisa a toda clase de exigencia proyectiva en el sector de las piscinas y demás instalaciones para la práctica de la natación. Se trata de un programa completo de bordes de piscina realizados exclusivamente con gres porcelánico con acabado de máxima adherencia y rematados con piezas especiales antimanchas, antideslizamiento y resistentes a las heladas, de fácil limpieza y mantenimiento, con óptimas propiedades de resistencia frente a todo tipo de esfuerzo externo. Todos los elementos se pueden personalizar según las necesidades del proyecto y además permiten crear espacios perfectamente coordinados con la pavimentación, tanto en el ámbito comercial como en el residencial.
